Source notes

Specifications and equipment are for reference only. The definitive information is that of the vehicle sold by the dealer. Final interpretation rests with the manufacturer. Standard / Not available / Optional correspond to the source symbols ● / - / ○. CLTC figures are test-cycle range; actual range varies with driving and conditions.

Four configurations, one model family. Compare range, battery and equipment before selecting the final trim.

Model photograph supplied by SPTY. Colors and equipment depend on the final vehicle configuration.
