ZNA RICH EV 2026

Luxury 4WD | Fully electric double-cab pickup

LFP battery and all-wheel drive through two electric motors. 440 km CLTC range, 360 kW total power and 729 Nm total torque.

General specifications

Model	ZNA RICH EV 2026 - Luxury 4WD
Powertrain	Battery electric (BEV)
Range (CLTC)	440 km
Total power	360 kW
Total torque	729 Nm
Drive	Dual-motor four-wheel drive (4WD)
Battery chemistry	Lithium iron phosphate (LFP)
Dimensions (L × W × H)	5,287 × 1,880 × 1,860 mm
Wheelbase	3,150 mm
Maximum speed	140 km/h
Doors / seats	4 / 5
Curb weight	2,230 kg
Fast charging	30-80% in approximately 30 minutes
Slow charging	Approximately 9.5 hours

Powertrain, chassis and brakes

Front motor maximum power	180 kW
Front motor maximum torque	309 Nm
Rear motor maximum power	180 kW
Rear motor maximum torque	420 Nm
Number of motors	2
Motor type	Permanent-magnet synchronous
Drive type	Four-wheel drive (4WD)
Front suspension	Independent double wishbone
Rear suspension	Non-independent axle with leaf springs
Power steering	Electric
Front / rear brakes	Ventilated disc / disc
Front / rear tires	255/65 R18 / 255/65 R18
Wheel material	Aluminium alloy
Energy recovery	Yes
External power discharge	Yes

Safety and assistance

ABS	Yes
Electronic brake-force distribution (EBD/CBC)	Yes
Brake assistance (BA/EBA/BAS)	Yes
Traction control (ASR/TCS/TRC)	Yes
Stability control (ESC/ESP/DSC)	Yes
Low-speed acoustic warning	Yes
Front airbags	Driver and passenger
Rollover-prevention system	Yes
Parking sensors	Rear
Reversing camera	Yes
360° panoramic camera	Optional / not confirmed as standard
Cruise control	Yes
Driving modes	Sport, Economy, Standard/Comfort
Hill-start assistance	Yes
Automatic parking	Yes

Limited-slip differential / differential lock	Optional

Exterior and access

Sunroof	No
Roof rails	No
Side steps	Fixed, optional
Key type	Remote control
Keyless entry	Yes
Keyless start	Yes
Central locking	Yes

Interior and seats

Steering-wheel material	Plastic
Steering-wheel adjustment	Manual, up/down
Multifunction steering wheel	Yes
Gear selector	Electronic
Full LCD instrument cluster	Not confirmed as standard
Instrument-display size	3.5 inches
Upholstery	Synthetic leather
Power driver-seat adjustment	Optional
Power passenger-seat adjustment	Optional
Driver-seat adjustment	Fore/aft, backrest and 2-way height
Passenger-seat adjustment	Fore/aft and backrest

Multimedia and connectivity

Central display	10-inch LCD touchscreen
Satellite navigation	Yes
Mobile-app functions	Door, lighting and air-conditioning control
Number of speakers	2
USB ports	1 front and 1 rear

Lighting, windows and climate control

Low beam	Halogen
High beam	Halogen

LED daytime running lights	Not confirmed as standard
Headlight height adjustment	Yes
Automatic headlights	Not confirmed as standard
Front fog lights	Yes
Power windows	Front and rear
One-touch up/down	Driver window
Anti-pinch protection	Yes
Exterior mirrors	Power adjustment
Power-folding mirrors	Not confirmed as standard
Automatic folding when locked	Not confirmed as standard
Interior mirror	Manual anti-glare
Air conditioning	Automatic control
Rear air vents	Yes

Specification notes

Reference image of the ZNA RICH EV; equipment depends on the selected version.

Charging times are declared reference values for this configuration and may vary with the charger, temperature and electrical supply conditions.

The source technical sheet does not specify battery capacity in kWh, payload or maximum towing capacity. Optional or unconfirmed items must be verified with the supplier before being advertised as standard equipment.

CLTC range is a reference figure. Actual range varies with load, route, speed, temperature and air-conditioning use.
